

RIVERS LAND TRUST

Keeping our wild & working lands forever abundant

Wygant Property

Acquisition

On the shores of Coos Bay, this small 2.5-acre property was donated to WRLT in 2019 by the South Coast Land Conservancy. The Land Trust is enhancing the wetland and riparian habitats on the property by supplementing native vegetation with plantings and eliminating introduced species. Wild Rivers Land Trust is pleased to provide a conservation pathway for this small, critical property.

Working together to keep the irreplaceable lands and waters of the southern Oregon coast forever wild and abundant. We believe our enduring environment, economic prosperity, and rural coastal culture are connected. From Tenmile Lakes to Brookings, we conserve and steward natural spaces people and wildlife depend on for clean air, fresh water, and healthy habitat. And by partnering with willing landowners, we help working farms, forests, and ranches preserve their legacy today for future generations.

Wild Rivers Land Trust

Together, we are keepers of this wild place
